MEMORANDUM FOR : Acting Chief, Administrative Division, Office of
Special Activities

SUBJECT : Recreation Items in FY 1964 Construction Budget
25X1A6a for [REDACTED]

25X1A9a I should like to simply confirm an agreement which was reached
during [REDACTED] visit this week regarding certain recreation items in
the FY 1964 [REDACTED] construction budget:

25X1A6a a. Despite the fact that the funds for this construction
25X1A12a budget are [REDACTED] I
assume that the provisions of Public Law 110 will still prevail
as far as the expensing of these monies is concerned, especially
for such items as recreation equipment and facilities. If this is
the case, then we should lump together in an approval to the
Director the following numbered items from the Black Book:
64-13, 64-14, 64-18, and 64-51.

25X1A9a b. I asked [REDACTED] to furnish us with a consolidated
justification for these items, which would in effect form the basis
for your staff work to DD/S and the DCI. I would like you, there-
fore, to stay with this problem to see that we obtain this consolidated
justification from [REDACTED] in a timely fashion.
